Dan Mr. Wishey,

Let me take this opportunity to congratulate you on your enormous amount of scholarly research into the assassination of President John F. Kennedy,

In loing my own research for a book I am writing on the case I came across the assertion by you on pages 174-176 of your book, "Case Opened," that In Henry Oswald had a Top least eleaner when he was in the Merines, and that you had made the "resords" of this available to John Newman. I may have missed it but I librit see any locuments or "resords" of a Top least eleaner for Oswald in Newman's book, "Oswald and the CIA."

Would you be so kind as to livest me to the gages pages in Newman's book when there "seconds" are? On, if possible, could you send me a copy of the record?? Obviously, if these records exist and were expansed, as you say, from Oswald's Marine second, this would be very significant and would be finitely be mentioned in my book. Please send any regly to me, at your convenience, to my name at 1926 W. Mountain Street, Mandale, California, 91201.

wish upon the very best in your continuing work on the rear.

Sincerby, Vince Bugliosi
